

**VIRGINIA WASTE TIRE PROGRAM
WASTE TIRE HAULER REGISTRATION
(FORM DEQ-HR)**

No. 153

9/15/2005

DEQ has developed a voluntary waste tire hauler registration system. Any transporter can apply and will qualify if they have a valid Tax ID number, **a business license from their local government**, and have no outstanding compliance or enforcement actions with DEQ or the locality in which they operate. Virginia does not regulate the transporters of any solid waste, which includes waste tires. There may be, of course, federal transportation requirements (CDL, placards, etc.) and local business license requirements that must be met.

DEQ will provide the list of currently registered haulers to anyone requesting it. DEQ does not endorse any of the registered haulers, nor can it ensure that they comply with all applicable environmental laws, regulations and permits. It is the user's responsibility to do so.

To register, complete this form and mail it to DEQ. After investigation of DEQ records on enforcement and a positive response from the locality, DEQ will issue a Hauler ID Number to be used in all future transactions.

For more information on the Hauler Registration System, contact the Waste Tire Program at
(804) 698-4029 or 4215 or 4055 (or via email: gscoe@deq.virginia.gov)
